

PERFORMANCE POST

May 8, 2006

Ladies and Gentlemen:

My name is Fausto Sanchez and I am the owner of Performance Post Inc., a video post production company in Los Angeles. It is with great pleasure to write this letter today recommending Richard Audd. I have known Richard over 25 years. During the last 8 years he has been working with us as a videotape editor and supervisor. He is a person of great work ethic and character.

Our company is responsible for providing television content to the studios and to the major networks. Richard was responsible for a major part of that commitment. He has been involved in many projects; those include television specials like "TITANIC" that aired on NBC, promo and interstitial materials for the Disney Channel. But most recently he was in charge of a long-term project that included the launch of the Fox Movie Channel. He provided editorial skills both in linear editing as well as Avid non-linear editing.

Richard not only worked at providing his editorial skills but also helped Fox with programming and schedule issues and guided not only our staff but also our client's employees. In the time I have known Richard I have seen him show exceptional leadership skills and has been a mentor and teacher to many professionals in our industry and here at Performance Post.

I can personally recommend Richard for any position; he is self-motivated and creative in coming up with solutions to problems. He is dependable and reliable. Richard will make a good addition to any staff. If there are any questions please feel free to contact me at (818)755-3500

Thank you

Fausto Sanchez  
President
